What sets us apart in comparison to other companies?

We are characterised by professionalism, date deliveries and diligence to detail.

By applying our stucco as finishing elements in flats and houses you will receive unique decorative solutions, which people will envy.

The company WMB was founded in 1989. Over the years we have achieved a high position on the Polish market as a manufacturer of exterior and interior stucco.

The company's goal is to meet the ever increasing expectations of customers - architects, designers, investors and private individuals. The result of many years of work is the production of a wide range of products, that satisfy different tastes, needs and requirements of customers.

Our brand begins to be recognized on foreign markets and starts to increasingly compete with local firms. (Germany, Great Britain, Ireland, Finland, Austria)

In our companies policy we rely on a reliable, honest and efficient customer service, professionalism and the highest quality materials in production.
